

{ THE SMART SET }

Live Trivia & Game-Based Entertainment

The Smart Set produces welcoming, well-crafted trivia and live game experiences for people who genuinely enjoy learning, laughing, and playing together. The format blends an old-school pen-and-paper feel with light tech support, creating events that are social, engaging, and fun for a wide range of players.

Trivia nights are designed to be entertaining first, thoughtfully challenging without being exclusionary, and always grounded in accurate, well-researched questions. Players leave having had a great time, learned something new, and already thinking about who to recruit for their team next time.
